Checkpoint 4 Sprint D 04-06-2021

I am satisfied with my integration of Microsoft authentication and creation of search feature for visitor info

good professional skills and good communication skills, tries to help others if they faced a bug.

Good job on implementing the log in system

Finishes whatever is assigned to him. Kept the group updated so nothing falls behind. Generally, a great team member

Good job everyone :D

Checkpoint 3 Sprint C 13-05-2021

I am quite happy with what i produced in this sprint. making the Login system with Microsoft authentication and the Emailing system

I think everyone's doing good :D

Lots of effort put in

Did not give up and manage to finish everything he was asked to do till the last minute

very useful help others when having problems sometimes review other people work.

Checkpoint 2 **Sprint B** 13-04-2021 

  Good team member, but should not under estimate tasks

  extremely helpful in all aspects of the project tries to help others when he is done

  Put a lot of effort in making his assigned task work, kept the group on his toes, and willingly assisted Mees in the first weeks as he passed the torch to him as a scrum master of last sprint.

  Did a lot of good work on the front and backend regarding login and SSO.

  Great work on the log in page

Checkpoint 1 **Sprint1 review** 26-03-2021  

  No feedback has been added

  Great project scrum master

  Great scrum master that kept everyone well informed and checked in regularly

  As our first scrum master, he really tried to bring out the best of everyone, by letting us all voice out our own opinions and helped us work with our strengths.

  Very friendly and helps others a lot. Has extremely good skills and can lead the group for the best.

  No feedback has been added

  Good leadership from Michael, Helped us get everything done in a timely fashion
